### *UPDATE!* Certification Exam Prep for Chapters

This 90-minute comprehensive eLearning course is designed to guide you through preparing for the ACRP Certification of your choice (CCRC, CCRA, CPI and the ACRP-CP). The steps include a review of the resources available to you, strategies to approach the test questions, and a review of the ICH Guidelines covered in the exams.

- Registration is complimentary to ACRP/Chapter members
- Registration is \$149 for non-members

There are no continuing education hours offered for this program.

---

**Chapters interested in offering Exam Preparation should consider using this as a cornerstone of their program.**

---

#### **Cost to Chapter:**

- For use in a face to face Chapter meeting, the program is available at no charge to Chapter Leaders.
- Chapters are free to charge attendees a fee based on event requirements (i.e., food, venue, handouts, equipment, facilitator fees, IT costs).

#### **Event requirements:**

Get creative with your exam prep activities utilizing these recordings.

Here are a few ideas:

- study groups after individuals have viewed the recordings, individually.
- multiple sessions lead by a chapter selected moderator to review a module at a time
- remote, web-based discussion with ACRP Online Community discussion board activity.

Remember to share your ideas and experiences on the ACRP [Online Community](#).

#### **Trainer requirements:**

- Only ACRP staff and the developer of the course can deliver the program live from the current PowerPoint deck. Please inquire for fees and availability.
- There is no authorized list of facilitators to moderate discussions. Engage anyone in your network or Board who you think will correctly answer questions, thoroughly engage participants, and make the exam prep activity as valuable to participants as possible.
